*D*ear Resident:

On behalf of the Wards Corner Task Force, we would like to cordially invite you to attend the consultant's final presentation and discussion on the Greater Wards Corner Comprehensive Plan. Last year, the City retained the services of Wallace, Roberts & Todd (WRT), a national urban design and planning consulting firm, along with Hammer Siler George real estate consultants and Kimley-Horn transportation consultants, to assist the City in developing this plan. Over the course of the year, community meetings were held on October 7, 2003 and January 17, 2004 to hear residents' vision for their area and to present and discuss the consultant's development concepts for strategic commercial and neighborhood areas. The purpose of this presentation is give residents an understanding of the final plan elements. The proposed format for this meeting includes:

- 8:30 a.m. to 9:15 a.m.—*plan exhibit viewing and informal discussion with city staff and the consultant team*
- 9:30 a.m. to 10:15 a.m.—*Presentation of key plan components and new information*
- 10:30 a.m. to 11:00 a.m.—*Question and answer session by a panel of city officials and the consultant team*

Please do not miss this opportunity to learn more about planning for the future of the Greater Wards Corner Area. We look forward to seeing you there.

Sincerely,

Councilman Barclay Winn

Councilman Don Williams
